! FIRST STEPS

Using safety gloves, unpack your carton. Check off the parts using the packing list. When assembling, most parts should slide together with minimal effort. Use a rubber mallet to gently tap components into position. Any questions? Call us on 1800 029 701.

IMPORTANT

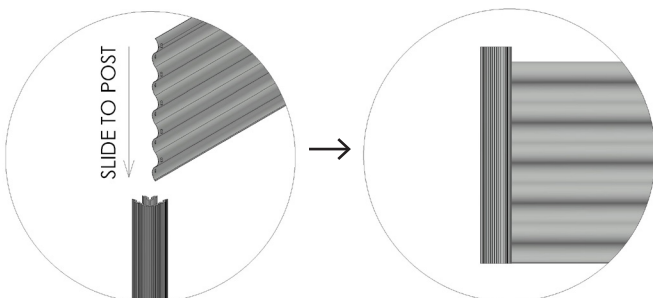

It is advised that you install your garden bed on a flat/even surface to avoid leakages and maintain an even weight distribution.

Incorrect installation will void the warranty.
