Overlap both sheets neatly together, as shown. Ensure the top sheet sits over the bottom sheet by one corrugation. Top sheet to the outside.

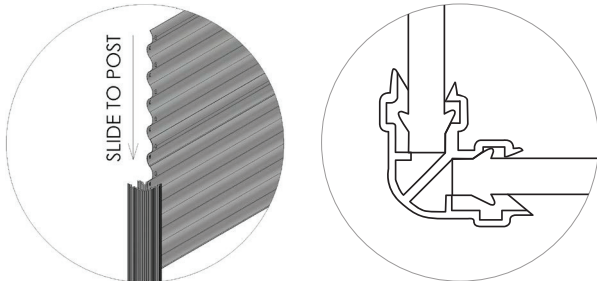

**IMPORTANT:** Do not slide the sheets one at a time as this may cause the garden bed to bulge.

Holding both sheets firmly together, push both sheets down into the posts.

Organic Garden Co garden beds use the SNAPTITE Assembly System. Ensure that the lugs in the steel sheet click into the posts correctly, see below diagram.
